

THE INDIAN COMMUNITY SCHOOL KUWAIT CAREER ASPIRATION SURVEY

Dear Parent,

As you are aware, our children are growing in a world of opportunities as well as challenges with respect to the choice of career and achievement of goals. We would like to open vistas of opportunities by initially identifying their goals and aspirations with regard to their career. As parents, we would like to request you to capture the campus novelties that provide a view into their innate capabilities for which we present this questionnaire. The questionnaire is designed to know about the views and aspirations of the students on their education and the courses they wish to pursue after completion of their school education.

Note: The student is required to go through the questions, take sufficient time to find appropriate answers in consultation with their parents/guardians.

You can access the survey by opening the web portal icskcloud.com and by logging into your ward's account (the survey is available only in the web portal). Once logged in, click on the first option in the navigation that says **“Career Aspiration Survey”** (screenshot below)

The screenshot shows a web browser window with the URL icskcloud.com/students/. The page displays a student profile for 'Test Student (100000)' with 'Student: 11 A'. The navigation menu on the left includes 'Career Aspiration Survey', 'Dashboard', 'Circulars', 'Attendance', 'Academic Performance', 'Reference Material', and 'Assignments'. The 'Career Aspiration Survey' option is circled in red, and a red arrow points to it. The main content area shows 'Student Profile' with 'DOCUMENTS' (0) and 'LIBRARY BO' (0). Below this is 'Today's Timetable' with three teachers: Teacher 1 (BIO, 7:40 - 8:20), Teacher 2 (BIO, 8:20 - 9:00), and Teacher 3 (PHY, 9:00 - 9:40). A section for 'Wednesday's Timetable' is also visible.
