e-VENTS

Dear Students,

From The Principal's Desk

Welcome to a new version of 'e-Vents'! As you are progressing year by year, our beloved 'e-Vents' too has made a progress from electronic world to the real physical world in its printed form. Now, you can not only read it, but feel it, touch it, share it with anyone, carry it with you or preserve it for lifetime with proper care. That's the reason we made it more realistic. Let's then congratulate and wish good luck to dear 'e-Vents' for its new incarnation.

I must also congratulate you too for the wonderful results as you have passed to new classes and also completed your first term with great zeal and enthusiasm. This first issue of 2016-17 'e-Vents' depicts all that vividly!

ICSK Khaitan is especially proud of its class X batch of 2015-16 for its fantastic result and would like to congratulate all the students for their great achievements in Board results. Well done!!!

This gives me an opportunity to congratulate and thank all the parents and teachers for their tremendous efforts and dedication in bringing about this result! A big 'thank you' to all!

Such achievements and success not only elevate our confidence to do better in future but also inspires us to raise the bar higher and repeat the saga of success to justify our proven strength. That's what the quest for excellence is called, and we are all determined to tread this high hill trail to manifest ourselves. Good luck!

As we are about to start on our summer vacation, let me remind you the usual things we educators expect from our learners... that is: to utilize every moment for gathering knowledge. This period of life is meant for educating yourselves and everyday you must try to learn something new which will strengthen your personality positively. Please don't feel that we are trying to burden you with lots of assignments and spoil your period of enjoyment with boring task of studies. In fact, vacation is an opportunity to learn something you are passionate about but are unable to do it during regular school days. So, take it up, explore yourselves, and forget not to read, as it enables learning to a great extent.

Take care of your health, be safe and enjoy your vacation... we are waiting to welcome you back. My words of appreciation go to the editorial team for their constant efforts in continuing this beautiful series of 'e-Vents' with its eighth issue and thanks to all of you for your contribution in making this a very special one.

K. G. Shirsath

Happy vacation to all... God Bless!

ORIENTATION

FOR LKG PARENTS AT ICSK KHAITAN

“Young minds are flexible, sensitive and are influenced and shaped by events of the outside world.”

Recognizing the importance of building a smooth and informative transition of the new LKG students and their parents, ICSK Khaitan organized an orientation programme.

Principal Mr. K.G.Shirsath welcomed them to the school assuring that the best care and education would be provided to the children. The Orientation programme helped the parents for a better understanding of the school's policies and rules.

It gave a detailed introduction to the early childhood education stressing on the importance of inculcating healthy habits, improving socialization and also how to enhance the overall personality development of the child.

Activity

Celebrations!

Celebrations of authors, illustrators, books and most importantly celebration of reading! ICSK Khaitan celebrated World Book Day from 17th April 2016 to 21st April 2016 with all its enthusiasm and joy. The main aim was to encourage children to explore the pleasures of books and reading.

A special assembly was conducted to mark the importance of books. Students performed various activities including skits, speeches and power point presentations. Students of class VIII were dressed up as different characters and presented a skit which was the highlight of the programme.

The whole school was decorated with charts, display materials and famous quotes of great writers. As a part of the celebration, students made colorful badges honoring World Book Day. The importance of reading was encouraged so that one can experience its exhilaration.

SENATE ELECTION 2016 2017

ICSK KHAITAN ELECTS THEIR SCHOOL SENATE 2016-2017

Classrooms are the workshops where future citizens of democracy are moulded. Since democracy is the most widely accepted popular form of Government, the knowledge of choosing the most deserving candidate is to be provided in the school. As a part of exercising the democratic rights, ICSK Khaitan conducted the school Senate Elections on 24th April 2016.

The election date was declared on 10th April 2016 and the interview of the candidates was held on 17th April Sunday. After the elections, the results were declared within a short time.

ICSK CELEBRATED COLOUR WEEK

ICSK Khaitan celebrated colour week from 24th April to 28th April 2016 with their Kindergarten children. Each day a new colour was introduced to the children. Students and their teachers dressed up in different colours took part in various creative activities. The colour week celebration is held in the school every year to make students aware of the symbolic relevance of the colour.

ICSK Celebrates 57th Foundation Day with Vidyaratna Award Competitions

ICSK gloriously conducted The First Vidyaratna Rolling Trophy Debate & Elocution Competitions on 3rd May 2016 at ICSK Khaitan with the participation of ten Indian Schools to commemorate its 57th Foundation Day. The eminent and accomplished judges invited to adjudge these mega competitions were Dr. Navniit Gandhi, professor and well known writer, Mrs. Chaitali Banerjee Roy, a renowned media personality and author, and a well known Toast Master and multifaceted personality, Mr. Satishkumar. The sparkling competitions embarked with extempore elocution competition where ten contestants of 7th and 8th standard representing individual schools spoke eloquently on various topics opening the world of imagination and reality.

After the round of elocution, the igniting debate session began where again ten teams personifying various Indian Schools aggressively debated in favour and against the motion 'Have too many channels, including social media, brought people closer?' Mrs. Reyana Mahesh, a well known stage anchor played a key role as a moderator for debate. Students rationally performed their assignments, which was absolutely venturesome as the debaters were flaring vibrantly to prove the side they argued for.

The first, second and third prizes in the elocution competition were won by Efreem Joseph Charls from ICSK Amman, Clarin Menezes from Indian Central School and Dwiti Ponda of FAIPS respectively. The first, second and third individual prize winners of debate competition were Aishwarya Shaji from FAIPS, Jaidev Shriram again from FAIPS and Sudarshan Ratnakumar of The Indian Central School respectively. The tiny tots of ICSK Khaitan presented a Rajasthani style welcome dance to welcome all, and the school choir rendered 'Khushiyan hi khushiyan ho' in joyous celebration with a final note of prayer of wishes to beloved ICSK on its 57th Birthday with 'bar bar dil ye gaye...'

Finally, the ICSK VIDYARATNA AWARD, Ever Rolling Trophy was lifted by FAIPS (Delhi Public School) for scoring highest total points from all its contestants among participating schools. The management and the entire ICSK fraternity congratulated the winners and appreciated the participants.

Mrs. Sherly Dennis, Principal In charge of ICSK Junior proposed the vote of thanks and expressed gratitude towards the judges and participating schools for making the foundation day competitions a grand success. The programme, which had an auspicious beginning with verses from The Holy Quran, lighting of ceremonial lamp and singing of Kuwait national anthem ended with the Indian National Anthem.

ICSK KHAITAN CELEBRATED DR.B.R.AMBEDKAR JAYANTI

“

Cultivation of mind should be the ultimate aim of human existence

Purpose of education is to moralize and socialize the people ”

Dr. B. R. Ambedkar

The 125th birth anniversary of Dr.B.R.Ambedkar, the architect of the Indian Constitution and Dalit Right Activist was observed at ICSK, Khaitan to commemorate his memories. On the occasion the Principal Mr. K.G.Shirsath spoke to the students on the importance of the Constitution.

The day became special when the Principal lighted the lamp and offered rich floral tributes to Dr.B.R.Ambedkar. Photographs and famous quotes of Dr.Ambedkar were displayed on the notice boards which made the celebration more colourful.

Congratulations to the newly elected Senate!

ICSK Khaitan Invests Its Senate 2016-17

The Indian Community School Kuwait- Khaitan held a solemn Investiture Ceremony on 16th May, 2016 in the august presence of the distinguished Chief Guest Sister Serena, Principal of Carmel School, Kuwait and parents. The Investiture Ceremony is one of the significant occasions of the school where the newly selected senate members are officially vested with their responsibilities. The day began with the recitation of the verses from the Holy Quran and School prayer followed by the National Anthems of Kuwait and India. The ceremonial lamp was lit by the chief guest escorted by the Senate advisors Mrs. Jaya Nirmal and Mr. Mehdi Ali Khan and physical education teachers Mrs. Gincy Mathew and Mr. Thulasidas. The inspirational song sung by the choir was an enthralling feast and apt for the occasion.

Finally arrived the most awaited moment for the new office bearers, the investiture and oath taking ceremony. The chief guest, Sister Serena invested the senate members, the house captains and vice-captains with the badges of office. The newly elected core senate members are Akhila Omanakuttan (President), Ayman Naeem (Sports Captain), Eisha Elizabeth Ninan (Arts Club Secretary), Ayisha Wafiya (Vice President), Mithuna Mathew (Ast. Arts Club Secretary) and Azam Kunjamad (Asst. Sports Captain)

The Principal, K. Gangadhar Shirsath administered the oath to the members of the Senate, House Captains, House Prefects and Class Monitors. This was followed by a regenerative song sung by the Senate as an expression of keeping their promises with unity and sincerity. The chief guest, Sr. Serena, was felicitated with a memorable memento by the School Principal. Addressing the gathering, the chief guest emphasized on the qualities of the great leader. She inspired and blessed the newly elected students to shoulder their responsibilities with vigor.

Shanti house prefects were presented badges by the house mentors Mrs. Beena Jerome and Mrs. Vasanthi Suresh. Mrs. Sheela Binu and Mrs. Ambika Sivaprasad awarded the badges for Seva House Prefects. Sahyog House Prefects were presented badges by Mrs. Minerva Ramesh and Mrs. Sumita Shanmughan and finally, Mrs. Jaya Varghese and Mrs. Reena Sivaraman invested Santosh House Prefects with badges. Next was the investiture of Class monitors who were nominated on the basis of discipline, academics and behaviour so that they can be role models to their fellow school mates. They were awarded with badges by the physical education teachers. The Programme concluded with the Vote of Thanks proposed by Akhila Omanakuttan, the President of the School Senate.

Science Activity Class 6

In the words of Thomas Edison "The greatest invention in the world is the mind of a child." Every child is born with the instinct of curiosity. We all come into the world with a natural inquisitiveness, waiting to explore and investigate, trying to find answers to the questions we've asked. Society expects much from its schools - both in terms of general education and vocational training. There is wide spread concern about the outcomes of science education at school. Every country is striving to improve the quality of teaching of science in schools.

What are the ways to improve the scientific skills?

Science links textual knowledge with their everyday experiences. It develops a basic understanding about scientific procedures and experiments. The innovative, simple projects explore and explain the wonders of scientific world. Science should not be read but should be practised by collecting evidences and evaluating the result. Students can exercise their thinking skills from the content of the curriculum. Teachers can use new methodology like oral and written work, project and power point presentation. We can develop a scientific temper in solving problems in our day today life. Students themselves can perform science experiments and practicals so that they themselves can undergo scientific process such as identification of problems, formulae, hypotheses, experimentations, collection of data and drawing inferences on the basis of data obtained.

Spirit of team work, rational thinking, acceptance of other's ideas, open mindedness, communication skill and manipulation of equipments will be inculcated in the students from an earlier stage. Experimentation by the students also provides Learning by Doing. Students can participate in inter school science exhibitions; perform science projects in the most prestigious science fairs and science Olympiads. They can also learn by activities, conduct debates or discuss and have higher order thinking questions. Science develops procedural, manipulative, observational, drawing, reporting and interpretative skills.

"You cannot teach a man anything; you can only help him discover it in himself" says Albert Einstein the famous Nobel prize winner and great scientist. I wish you all the very best for the success and future endeavours of our students. Enjoy learning in school.

Mrs. Vasanthi Suresh
HOD Science Department

ARTICLES

Kuwait, I start with K and end with T,
I am an Arabian Country;
My Capital is Kuwait City,
I have beaches and deserts with me,
I am a small country, with less population and high pollution
I am contained full of oil, I am the third largest in production of oil,
I feel I am rich and beautiful; my people are called 'Kuwaitis',
I have monarchical form of Government in me,
I have the best date palms and corns with me,
People from outside say I am complete desert
But I am not completely deserted; I have cities and towns with me,
I love myself, I say, I am the best,
Even my people say I am a beauty,
This is me; I am Kuwait with roads and bridges,
My flag is in red, black, white and green .
This is me, I am Kuwait.

प्रिय हमको आई० सी० एस० के० स्कूल
इस उपवन के हम हैं फूल
शिक्षा इसमें मिलती है उच्च
जो है छात्र के अनुकूल
विद्या की बहती है सरिता
हम हैं उस सरिता के फूल
पढ़ लिखकर हम खेलें खेल
पाते मृदु मंगल का मूल
झूलों की है यहाँ बहार
जिल पर हम जाते हैं झूल
इस विद्यालय के हम हैं छात्र
होकर बड़े न सकते भूल

PITILESS SIGHTS

Oh my baby! Sleeping tired in the darkness of poverty
Even without an earthen lamp.
Forgive me it's my deplorable condition.
Opened the little eyes with more desire
I'm sure what you look for.
Nothing in my hands to give you
Only the bread someone left.
Eat it greedily my son

You must grow up by knowing hunger
Do not throw a little bit of food.
Death hovering over the head
Lurking beneath the feet
The tear drops today I shed is the
Perennial spring of love
You should become a good human on the earth

Mrs. ARCHANA SURESH
(Teacher English Dept.)

I Love the Rains....

Rain O Rain,
How beautiful to see
In the sun's bright light
Descending through the wind
And down to the earth...

The most purest of natural waters
From the clouds you fall...
To clear the sky
And give clean water
And it is free.....

The children of all ages
A joyous moment to play in the rain...
But children...beware of acid and toxic rains,
Which can harm and kill?
All living beings.

Aaron Abraham Mathews - Class VII B

भागती जिन्दगी छूटते रिश्ते

किसी महापुरुष ने कहा था, " पैसा तो हर कोई कमा लेता है, परन्तु खुशनसीब तो वह होता है जो परिवार कमा लेता है।"

आजकल लोगों की जिंदगियों में तनाव बहुत बढ़ता जा रहा है। लोग सिर्फ अपने-अपने कामों में जुटे रहते हैं। किसी के पास अपने खुदके परिवार के लिए समय नहीं होता है। लोगों को केवल खुदके काम के बारे में पढ़ी रहती है। बच्चों पर पढ़ाई का अत्यधिक दबाव रहता है और माता-पिता पर अपने दफतरी का।

इस बात से एक चीज़ अवश्य स्पष्ट होती है, "तनाव और दबाव के कारण रिश्ते कमजोर पड़ते जा रहे हैं।" लोग थक-हार कर दफतरी और विद्यालयों से लौटते हैं तो वे खीजे हुए रहते हैं, इस वजह से घर के लोग आपस में झगड़ा करते हैं और इससे रिश्तों पर तनाव बढ़ता जा रहा है और जिंदगियाँ बर्बाद हो रही हैं। परन्तु इस समस्या ने निपटा कैसे जाए ? इस सवाल का जवाब बहुत ही आसान है। आप अपने रिश्तों को, होने परिवार को और अपनी खुशी को बचाने के लिए आप कई छोटी-छोटी चीज़ें कर सकते हैं, दफतर का काम जितना हो सके दफतर में ही निपटाएँ। अत्यधिक समय तक दफतर में न रहें। एक बार में पूरा काम न करके, छोटे-छोटे भागों में काम करें और सबसे जरूरी बात, अपने परिवार के लिए समय निकालें।

श्रीमती नीलम गुप्ता

हिंदी अध्यापिका

I Love the Rains....

I love the rains,
Oh! It's my favorite thing,
It makes me dance, and play and want to sing,
I twist and turn and jump around,
As I hear the trickling, it's trickling sound.

I love the rains,
My friend! Coming from the clouds up high,
Washing and clearing the sky,
Making things really bright,
As I watch with delight.

I love the rains,
Ah! I played with it as it dropped,
Alas! A little later it stopped,
I waited patiently until night
And soon the rains were back with all its might.

Alessandra Beth Kurian - 8 B

Friends

Friends are the glow of my face,
They are like the light of the lamp.
Friends make me feel happy,
As they are so precious for me.
Friends are like stars,
Twinkling in the sky .
They are the special gift,
That god has given me.
Friends are waves,
That are moving in the ocean.
They are the key of me
happiness,
As they are the light of the lamp
Friends are my happiness,
They will help me in my needs.
They are like diamond for me,
As they are everything to me.

Rahithya Koppolu - 6- C

RAINY DAY

Days of Happiness...
Days of Pleasure...
Days of Enjoyment...
I love rainy days, it's a rainy day,
it's a rainy day...
Children play in rainy days...
Children make boats and play...
Children like to walk in floods...
I love rainy days, it's a rainy day,
it's a rainy day

SCHOOL

Why do you run away from school?
School is cool.
Here every onetoo gets education,
And doesn't try to cross limitations.
It is also a place for every happiness,
Like friends and fun and joy.
Everybody has fun here whether girl or boy.
If you are good at language,
Study here and get better.
If you are better at art,

Learn here and get smart.
If you want a job ahead,
Stop playing and study instead.
If you are at no good like me, ☒
Study hard and get success.
Play sports, study languages
And learn art these things make you smart.
So remember,
Everybody has fun here whether girl or boy.
Why do you run away from school?
School is cool.

TREES

Trees are the most precious things on Earth. Trees give us Oxygen to breathe. Gives shelter to the birds and animals.

If we cut down the trees, we are hurting the poor birds and animals. So we can increase the number of trees and give shelter to the animals and birds by planting the saplings of any tree. The tree also sucks up the carbon dioxide and gives us fresh air or oxygen. Also the trees give food to the birds and animals. And gives us fruits and vegetables. We can cut down trees for useful purposes like making benches, desks, paper, pencils, rubber etc. which are for school students and teachers. Also other furniture for our living like cupboards, beds, doors and chairs. Trees provide shade and shelter, timber for construction, fuel for cooking and heating and fruit for food as well as having many other uses.

JEWEL JOY - 6 A

WINTER DAYS

Winter days!! Winter days!! Sooooo Cold
We call can play in SNOW
I throw snow balls on others
I make snowman in winter

Winter days!! Winter days!! Sooooo Cold
We can start on with HEATERS
Rain starts on winter days
We can play in rain

Winter days!! Winter days!! Sooooo Cold
We can start to wear SWEATERS
The rain in winter days is so cool
I really love the W I N T E R D A Y S!!!

Varsha Elza Koshy - Class VI - B

TREES

Trees are the most important thing in our daily life. They provide us oxygen. We can't live without oxygen. So we should save as many trees as we can. And they not only provide us oxygen, they also provide us food, shelter for animals and oxygen. If we don't have enough trees we cannot get rain and if we don't get rain we cannot get fresh water. Without water no living things can live. Trees also provide us soil which is also important thing to grow food. Food is also an important thing to live. So you can see a tree provides us so many things. So save trees and make your life beautiful.

Murtaza Maimoon - Class VI A

FARMERS

Farmer, the person who feeds our country and world.

If no farmer, there would be no food.
No wonder, how many people these farmers are feeding.
From one to ten, ten to hundred, hundreds to millions.
Everyday everyone eats food.
But, never thinks of the hard work of the farmer.
He is the one who have to feed his family as well as the world.
If he was not there, I would not be here.

With his hands, we eat.
All day and night hard work for him.
But, for us all day and night enjoyment.
How much happy we feel when we see fresh fruits and vegetables.

But, how sad does the farmer feel when he gets paid very less.
The poor farmer does not bargain, does not fight, but only feels sad.
We, the people never look at others sadness, but only our happiness.

The farmer who look ours as well as theirs.

MAY GOD BLESS THEM.

Abdul Azeez Ahammed - 9 D

HOW THE EARTH GOT ITS COLOUR

A long time ago the earth was all white in colour. One day God was sitting in heaven and eating his favourite dessert 'the jelly'. He was eating a bowl full of green jelly; suddenly it slipped from his hand. It fell down on the earth and half of the earth became green. The next day God was eating a bowl full of blue jelly, again the jelly slipped from his hand on to the earth and the other half of the earth became blue. The green part became land and the blue part became water. That's how our earth got its beautiful colour. Many years later human beings came to earth but they never knew about this!

The Indian Community School Kuwait, Khaitan branch has always taken up the challenges of publishing Magazines. For a few years we had had the Manuscript Magazines where the students had to take up the challenge of producing magazines entirely by hand. Those magazines brought to the front exquisite penmanship and very high artistic abilities. Later it was the time of our very popular e magazines. And this year we have decided to have a printed version of the same. Editing a school magazine is slightly challenging as it has a broader vista of readers and a loyal following too. We have made sure that the contributions of the students were done in the classroom environment and were extempore. We find that the younger the students the more eager and enthusiastic they are to provide poems and descriptive writing. We have also tried to highlight events, activities, academic prowess as well as achievements. Teachers also have put in their share of writing.

Reports of school activities and events have been made by Ms. Ambika Sivaprasad and Ms. Manjumol Vinod, the technical support was by Ms. Janet S D' Souza, the selection of art work by Ms. Jyoti Ramesh Hangargi, photographs by Ali Quresh of Class XB ,Aaron Philip Shoby of IX C and Aahfil of Class XA and the Herculean task of compiling the magazine and making it move forward was the work of none other than the Librarian Ms. Shaheen Khan. Design and layout are the kind and courteous gesture of Mr. Alwany Razack. Special thanks are due for the Principal Mr. K. G. Shirsath who is the mainstay behind the Editorial team and the Magazine. Our aim was to inform, entertain and record. We hope we have succeeded. We have had great fun putting this together and are quite proud of the result.

For the Editorial Team,
Yours truly

Beena A Jerome
Chief Editor
