# ICSK KHAITAN CELEBRATES TEACHERS' DAY

"Education is the manifestation of perfection already in man." Yes, this dictum stood apt while Indian Community School Kuwait, Khaitan astoundingly celebrated Teacher's Day on 8th September 2015 to honour its teachers who strive hard to manifest the innate perfection of learners. # HAPPY GANDHI JAYANTI

"HAPPINESS IS WHEN WHAT YOU THINK, WHAT YOU SAY, AND WHAT YOU DO ARE IN HARMONY"

- MAHATMA GANDHI

## ICSK KHAITAN CELEBRATES GANDHI JAYANTI

It is not quite easy to convince our new generation about the ideal life of Gandhiji and drive their thoughts towards Gandhiji's great principles of non violence / ahimsa which awoke the whole world from the hibernation of slavery and lead to the prim rose path of freedom. Actions speak more effectively than words. Words slowly walk away to the unknown world of forgetfulness. The images carved once in the hearts will produce myriads of images and emotions later. In order to inscribe the memories of that Great soul, Mahatma in the heart of the students and as a tribute to him a ceremonial lamp was lit at the entrance of the school.

The Principal conveyed the message of practising Gandhiji's principles in the modern times especially in the arena of cleanliness, Cleanliness leads to Godliness it is a great need of the times, associated with Swachh Bharat Abhiyan.

A special assembly was conducted by the students of classes LKG A and B to commemorate the 146th birth anniversary of Mahatma Gandhi the Father of our Nation. The tiny tots of LKG tried their best to bring the message of Gandhi's life – striving towards a life of simplicity and honesty.

Scenes from Gandhiji's life were enacted while his favorite hymn, the 'Ram Dhun' was sung. Speeches about Gandhiji, his principles and his simple life were made which had great impact on the children

The Soul of the Phoenix  
By Mohammed Mishal  
X C

In a man therein lies  
The phoenix and the spirit of the  
wise

The man shall always rise cause  
the phoenix never dies

The phoenix is the fuel  
To help in many a duel  
And the soul is then left to  
dwell  
But the mind is always well

The man shall devour  
Of evil which shall more  
Be there in the world  
And help those who have furled

Even if the good shall ever die  
The soul of man will never lie  
Down to the floor, in any kind  
For the phoenix in him shall  
never die

## MEMORIES FOR A BRIGHT FUTURE

It was a brilliant day, brilliant against the cloudless sky. The sun warmed her face but the air was icy in her nose and throat.

My family with my Dad and Mom, the two naughty siblings are like the Sun, Moon and stars in the vast sky. Father, to me is the Sun, that shines all day long and Mother, the moon under the reflection of the Sun. My young sisters are the twinkling stars.

All are a source of light for me, in the day and at night. Once, I was dreaming that I would become a big star, where the world looks at me. A child of honour, a child with all qualities of life! My parents were my strength and my weakness. In my childhood days, I had a lot of inferiority complexes. I never thought that one day I would become great like my father or mother. My parents were a source of encouragement and they never discouraged.

One morning, I heard the loud waves that lashed the shore and there all was lost. The Sun and the Moon departed from the sky, leaving the twinkling stars behind. "What can this child do without the pillars of life?" None to take care and we were left all alone to move forward to take our future in our hands.

Days passed by and all of us grown but we could remember the days creating the memories for the bright future. The guidance and support by our Godly parents that we received during my childhood days can't be forgotten. My father used to tell me "Whenever we create a positive energy and faith in us, we can acquire whatever we wish in our life. When we believe that we have got what we wished in our lives, then we have received it."

Those words still echo in my ears, creating that Sun's energy and brightness on my face. The Moon was not bad, yet a much source of inspiration. She was the one who said "Take heart my child, don't let it go" in times of trouble.

Now, I am twenty two. I completed my studies with my sweet grand mom who looked after me and my sister after my parents' death. I knew that my parents are there with me forever and their words are everlasting.

Think of a sky with no Sun, moon and stars, a cloudless sky. When my life was in this state I never lost hope but carried on further to create a better future.

My greatest ambition was to become an astronaut and discover the space with all the planets, and today on this brilliant day, brilliant against the cloudless sky, the memories of my Sun warmed my face and was shining, and night with the twinkling stars, I enjoyed as much as I could. As time passes, temptations will be there, all day along with us that is why the air was icy in her nose and throat. Experiences give us stories in life and this is that story of love, courage and hope that never leaves me all alone.

## समय का सदुपयोग

समय बहुत बलवान है। इसे इसका उपयोग बड़ी सावधानी से करना चाहिए। संत कबीरदास जी ने उसके बारे में बड़े गजब की बात कही है -

"नाल करै सो आज कर, आज करै सो अब,  
पल में परलै होगी, बहुरि करैगा कब"

समय बहुत बहुमूल्य है। इसे व्यर्थ ही नष्ट नहीं करना चाहिए। बीता समय वापिस नहीं आता। समय किसी की प्रतीक्षा नहीं करता। मानव जीवन की सच्ची सफलताएँ, आशाएँ, इच्छाएँ समय पर निर्भर हैं।

समय का सदुपयोग का सबसे सुंदर ढंग है :- प्रत्येक कार्य को करने के लिए उसके अनुकूल समय निर्धारित करना। आलसी मनुष्य समय का सदुपयोग नहीं कर सकता।

विद्यार्थी जीवन के लिए समय के सदुपयोग का विशेष महत्त्व है। उनके लिए अपने समय के एक-एक क्षण का सदुपयोग करना चाहिए। खेल के समय खेलें, पढ़ने के समय पढ़ें। इसके सदुपयोग से ही जीवन में सुख, शांति और भेदभाव की प्राप्ति होती है तथा मनुष्य जीवन की ऊँचाइयों को छू लेता है।

### THE TODDLER

Through the darkness of the night  
sky  
She walked not a single soul did  
she fear  
For she knew nothing  
Of the planet earth's DEADLY GEAR  
Her tiny little steps not more than  
an inch  
Had meaning beyond the earth's  
clinch  
Each step she took spoke the  
energy  
Of LOVE and PEACE.  
She knows not that she has to  
enter a world  
In which her freedom will  
be snatched by others  
I stood watching her steps  
And for the first time jealousy rose  
in me  
Not for how she walked or talked  
But for the energy of  
HER LOVE, HER FREEDOM  
She smiled to my eyes  
And for a moment I was blind  
Blinded by her love  
Blinded by her happiness

## भगवान कहाँ (कविता)

बहुत दिनों से हूँ हैरान,  
कित रहते तुम है भगवान!  
आसमान की और जो देखा,  
तुझको नज़र न आए तुम  
सूरज की किरणों में हूँ,   
मेरे हाथ न आए तुम।  
सीने और चाँदी में खोजा,  
मैंने तुमको न पाया,  
बादल और बिजली से पूछा,  
कौई उतर न आया।  
ऋतु बदलते, हवा चलते, सागर में जल भरते,  
खाना-पीना सबको देते, ध्यान सभी का रखते हो।  
कैसे करते हो इतना काम,  
कब करते हो, तुम आराम?  
कहाँ, और क्यों, छुपकर रहते,  
सचमुच हूँ मैं खुद हैरान ॥

## ICSK KHAITAN CELEBRATES TEACHERS' DAY

Education is the manifestation of perfection already in man. This dictum stood apt while Indian Community School Kuwait (ICSK), Khaitan celebrated Teachers' Day on 8th September, 2015 to honor its teachers who strive hard to manifest the innate perfection of learners. It was a blessed day as the students of classes 10th and 9th shouldered the responsibility of governing the

school for the day. A special assembly was conducted by the students. It included songs, games, dance and a PowerPoint presentation. The Principal K G Shirsath addressed the gathering and shared his views and experiences on teachers' day. Teachers were overwhelmed by the program organized for them. It was a day of delight for the teachers to see the talents of their students on 'Self Governance'

day. Acting as teachers, the students got a fair idea of the responsibilities of a teacher. As a mark of respect and reverence to our Missile man Late Dr. APJ Abdul Kalam, an inspirational speech was delivered. The school took pride to honor Dr S Radhakrishnan, the second President of India, a great teacher whose birthday, 5th September, is celebrated as Teachers' Day in India.

Yet another issue of e-Vents is here with you. It is again the result of the joint effort of students and staff. Our students are eager to see the result of their hard work published. And we are proud to present our young writers and artists. The amount of artwork that floods us makes us quite unable to make up our mind. There is many a young poet who can wax eloquent on innumerable topics. We are happy that they can vent their thoughts, ideas and imagination through the ICSK Khaitan e- vents.

May I now take the opportunity to introduce the people behind the actualization of the 6th issue of e- Vents:

The Librarian Ms. Shaheen M Khan who has access to all the students uses the opportunity not only to make them avid readers but also to be resourceful contributors. The reports on all the events in the school are presented by Ms. Ambika Sivaprasad and Ms. Manjumol Vinod. The Herculean task of getting many an article and poem typed is done by Ms. Janet D' Souza while the Art teacher Ms. Jyoti R Hangargi takes care of the myriad drawings, sketches and paintings. The Principal Mr. K.G.Shirsath is the mainstay of the group with encouragement or prodding at the right time. We the editorial team are happy that our young people have shown great enthusiasm and put in a lot of effort to keep our e- Vents to soar on to greater heights with each issue.

Hoping for greater and more eventful days ahead and wishing all the best to our young Platos, Newtons, Steeles, Doyles Wordsworths Laxmans and Monets

We remain  
On behalf of the Editorial team, it's...
